SUMMARY

Aspiring software engineer pursuing B.E. in Computer Engineering (AI & ML) with expertise in Java, Python, and cloud technologies. Experienced in delivering real-world projects and applying data structures, algorithms, and scalable software design. Driven to learn, innovate, and build impactful solutions.

EDUCATION

Bachelor of Engineering (B.E.) Computer Engineering(Artificial Intelligence & Machine Learning)
A.P. Shah Institute of Technology, University of Mumbai | CGPA: 8.22 | 2022 – Present
HSC– KES Junior College, Maharashtra State Board | 74.33% | 2022
SSC– BES SD Parmar English Medium School, Maharashtra State Board | 83.60% | 2020

PROJECTS

- **ShopBot:** **(Jan 2024 – May 2024)**
  Engineered an Android application to assist users in locating specific products within a store, improving in-store navigation and shopping experience.
  Skills Used: Java, Android Studio, Firebase
  Skills Gained: Mobile UI design, real-time database handling, user experience design, collaboration, version control
- **Diabetes Prediction using Machine Learning:** **(July 2024 – Nov 2024)**
  Designed and trained a supervised ML model using Support Vector Machine (SVM) to predict diabetes based on health indicators like BMI and glucose levels.
  Skills Used: Python, Scikit-learn, Pandas, NumPy
  Skills Gained: Data preprocessing, algorithm selection, evaluation metrics (accuracy, confusion matrix), problem-solving.
- **Vitamin deficiency detection from image using deep learning:** **(Jan 2025 – May 2025)**
  Built and deployed a CNN-based system to detect vitamin deficiencies from nail images, enabling early diagnosis and timely medical intervention. Achieved 91% accuracy on test data.
  Skills Used: Python, TensorFlow, Keras, OpenCV
  Skills Gained: CNN architecture design, image augmentation, deep learning workflows, debugging, teamwork

CERTIFICATIONS

- AICTE Certified – Zscaler Zero Trust Cloud Security Virtual Internship
- AICTE Certified – Fortinet Network Security Associate Virtual Internship
- AICTE Certified – AWS Academy Cloud Computing Virtual Internship
- AICTE Certified – Blue Prism Intelligent Automation Virtual Internship

TECHNICAL SKILLS

- **Tools:** GitHub, VS Code, Google Collab, Docker
- **Programming Languages:** Java, Python,HTML, CSS, JavaScript, SQL.
- **ML Libraries:** NumPy, Pandas, Scikit-learn, TensorFlow
- **Database:** MySQL, MongoDB
- **Cloud-Based Technologies:** AWS.

EXTRACURRICULAR ACTIVITIES

- Led placement coordination as TPO Coordinator for CSE (AI&ML) Student Association 2023-24

ACHIEVEMENTS

- Secured 1st place in EXALT 2023 coding/innovation competition.
